Phone: _____ **Alternate Phone:** _____

E-mail Address: _____

Subdivision/GPS Coordinates (if available): _____

County: _____ **Total Acreage of Property:** _____

Did you attend the April workshop on assembling the water catchment system?
(Y or N) _____

Property Description (Use separate or additional paper if needed):
Clearly describe your property, the landscape and its natural features.

Project Description (continued):

Does your property have any of the following (please describe):

Pets or livestock? (Y or N) _____

Other wildlife features? (Y or N) _____

Public lands or corridors nearby? (Y or N) _____

Fencing? (Y or N) _____

Please give a detailed description of why you are interested in participating in the Rainwater Harvesting for Wildlife Project and how you believe it will help. (Use separate or additional paper if needed):

Bernalillo County, Ciudad SWCD, and USFWS Partners Program biologists will rank all initial applications in order to move to the Questionnaire and Site Visit stage of the Landowner Requests. Funding decisions are based on the ranking score and available funding. We are always available to answer questions, discuss potential projects, provide technical assistance, and schedule a site visit to your project. If you need additional information or have any questions, please call.
